Light Up SA 2026

Light up South Australia in Orange like our heart for National Palliative Care Week

Last year, the Pt Lincoln Silos, Adelaide Oval, and many other landmarks across South Australia lit up orange for National Palliative Care Week. This year, we're keen to grow the movement.

- Could your town light up a monument, silo, or building in orange?
- Could your workplace, school, church, or hospital add the Orange Heart logo to an electronic information board?
- Could your office computers feature the Orange Heart screensaver for the week?

Tell us you are planning to Light Up
